

The Sleepover

Dialogue #17

Lily: Do you want to sleep at my house tonight, Jane?

Jane: That's a good idea, Lily! I will ask my parents, but I think they will say it's OK.

Lily: Good. Do you want to play video games or do you want to watch a movie?

Jane: I want to play video games. My mother **bought** me a new video game last night. I will bring it to your house.

Lily: Cool! Can you bring your new **camera**, too? We can look out my window and **take pictures**.

Jane: I'm sorry, Lily. I can't **bring** my camera. My uncle went to Europe last week and he **brought** my camera with him.

- ❖ "Brought" and "bought" are past tense verbs. In English, we use the past tense to talk about things that happened **before now**.
- ❖ Use these past tense verbs to talk about what you did today and yesterday (before now).
