

## Advanced Phonics BINGO (Set 1)

Directions: Cut out the squares below and put them in a hat or a bag. Give each student a unique BINGO card (there are 10 unique BINGO cards using the words below). Pick a word from the hat and say it aloud. The students write an "X" over the word (if they have it on their card). The first student to have five X's (vertically, horizontally, or diagonally) is the winner.

*Note: If you have more than 10 students in your class, it will be necessary to put the students in pairs or groups.*

*Alternative rule: To prolong the game, instead of needing five X's in a row, you can play where the winner needs five **rows** of five X's (horizontally, vertically, or diagonally).*
